Dear Parent/Guardian

COOKING AT ST BEDE'S

This term, your child is undertaking a unit of work that will involve bringing ingredients into school for Food Technology. I would be grateful if you would assist us in the following way to ensure that your child is properly organised:

- An appropriate container should be supplied to take food home in.
- A strong bag is required for transport of food and spare ingredients home. Bags should be labelled so that children who have left food in bags after school can be quickly identified
- We would advise that a tea towel from home would be useful to wrap round the container-this would protect and prevent heat transfer, especially for afternoon practical lessons where food may finish cooking near the end of the lesson and so be hot to carry.
- Food for the fridge needs to be clearly marked with the owner's name **at home not upon delivery to the food tech room.** Disruption is caused during registration time by pupils who arrive with items unmarked and then attempt to label them.

We encourage pupils to always bring the ingredients for practical lessons so that they can participate and learn valuable life skills, as well as completing curriculum requirement.

If, however, circumstances at home make it very difficult to provide ingredients then please contact school, well in pupils participate.

Yours sincerely

Food Technology Department
