28 January 2020

Dear Lloyd

I wanted to write to you to congratulate everyone at St Bede's following the publication of Key Stage 2 results which show your school has seen an increase in the proportion of pupils achieving the expected standard in reading, writing and mathematics from last year.

It's great to see that standards are continuing to rise and more pupils are meeting the high expectations the rigorous assessments set. This is testament to the dedication and commitment of all your teaching staff. They are ensuring our young people have the skills they need to succeed in life.

As ever, I'm always here to help should any issues arise and I'm always on hand to raise them directly with the Department for Education.

Kind regards

Rachel Maclean MP
