

# Learning remotely. We have it covered!

All students of Our Lady of Lourdes Multi Academy schools, get free access to Office365 – allowing them to continue their learning from home.

Office365 is being adopted across our schools by staff and pupils to enable them to benefit from the fantastic array of resources in school, and to be able to continue to do so at home.

Your username and password will be your [username@schoolmail.worcs.sch.uk](mailto:username@schoolmail.worcs.sch.uk) and your school IT password

All of the Office365 tools are available across multiple platforms and devices – and are easy to use.

Platform	Options	Scan with your camera to open links
Computers, laptops (Windows) Apple Laptops and computers (Macs) 	Our students can download 5 free copies of Office365. Simply visit Office.com or <a href="https://aka.ms/office-install">https://aka.ms/office-install</a> and login with your email address and your computer password you use in school, and click the download office button: 	
Apple Tablets and Phones 	You can download apps for iOS from your app store, search for Microsoft, and you will find versions of Word, Excel, PowerPoint and more, including the brand new Office app, which features all options.	
Android Tablets and Phones 	You can download the Android apps for almost all phones and tablets that are not Apple devices from the Google Play Store.	
Microsoft Teams 	Microsoft Teams allows for remote learning for students, allowing them to be part of online lessons and collaborations with other students and staff in a secure environment. It is available all devices and via the web. <a href="https://products.office.com/en-gb/microsoft-teams/download-app">https://products.office.com/en-gb/microsoft-teams/download-app</a>
