

St Bede's technology challenge!

Towel Animals

Visit this website which shows you how to make 7 different animals out of towels

<https://www.creditcardcompare.com.au/blog/towel-animals/>

Or search for similar instructions for animals to make on YouTube.
Have a go at making some of your own.

Can you make yours look better than Mrs. Finn's?

Take pictures of your animals and email them to Mr. Dickinson along with a short write up about which you found easy and which you found hard and why, and which was your favourite and why.

You have until **Wednesday 29th April** where the Technology department will vote for their top 3.

Have fun and we look forward to seeing your creations!
