

Covid 19 Suggested Timetable

Week Commencing 8th June

Due to the current crisis. The government have abandoned the National Curriculum in the short term. As a school, we promote the use of this time to things you would not normally do such as going for walks as a family, playing games, cooking and doing Quizzes together and online.

Following parental feedback here is a suggested timetable to give you a guide to support you in the work we are setting at home for this period. You are obviously free to complete tasks in your own way and adapt any of the tasks to suit your home environment and learning needs.
