

# Online Services for Parents & Pupils

St Bede's are leading the way in enabling parents and pupils' access to the right information from home – some of the services are listed below:

## ParentPay

ParentPay is the method we use for payments for trips, events and dinner money online via debit or credit card. All transactions are completely secure, and part payments can usually be made for residential trips.

## Remote Desktop & OneDrive & Sharepoint

Pupils can access all their files, folders and a **free access to Office365** from home, allowing them to complete work on a range of devices.

## Epraise App

Both parents and pupils have access to the award winning epraise system from home. Allowing you to see which praises and demerits have been awarded. This is also used for booking parents' evenings. School reports will be on epraise to view throughout the year. Consent forms are also be posted via epraise. Please look out for messages.

## Teams App

Useful app for pupils to liaise with their teacher if they are having to work from home.

## Staying in touch

Our website, twitter, Facebook and email list is the best way to stay in touch with what is going on at the school.

## Username and passwords

Parents will be issued their new usernames, passwords and instructions for using the above. Please ensure we have the correct email and contact number for parents/carers – you can check this on your epraise app. If you are unable to get in epraise please contact the school.
